

ANNUAL REPORT TO THE SENATE  
LIBRARY POLICY ADVISORY COMMITTEE  
UNIVERSITY OF UTAH

ACADEMIC YEAR 2012-13

The Library Policy Advisory Committee met October 10, 2012, January 28, 2013, and March 21, 2013.

These meetings provided informational updates related to the three libraries, including hiring of new personnel, library services for patrons, operating hours, and construction projects. In particular, the committee received important information about the University Libraries tenure standards. We commend those involved in writing these new standards.

The committee also appreciates the energetic and thoughtful input by the student members of LPAC.

The committee also commends the initiatives undertaken by all three libraries to increase their services and outreach to students, faculty, and staff.
