

Personnel and Elections Committee Report, 2014-2015

Submitted by David Hill, Chair

Because committee reviews were conducted in 2013/2014, the main task for the Personnel and Elections (P&E) Committee this year was to review committee nominations. The P&E Committee met on March 30th for its annual Marathon Meeting to review nominations for upcoming vacancies on Senate-elected and University standing committees. At the meeting, the Committee reviewed nominations for vacancies on approximately 34 committees and discussed recommendations for filling those vacancies relying on faculty interest, input from Chairs and Deans, as well as suggestions from P&E Committee members. Where possible, the Committee compiled all nominee lists and committed to contact additional colleges and Deans where additional potential nominees were needed. The Committee recommendations will then be delivered to the appropriate Senate and University officials for final selection.

As always, the P&E Committee appreciates the many contributions of Ms. Shawnee Worsley.
